**The L&R Group strengthens its position in the field of OR set systems**  
**L&R acquires Angiokard Medizintechnik**

***Rengsdorf/Vienna, 3 March 2021*** - The internationally active developer, manufacturer and supplier of medical and hygiene products Lohmann & Rauscher (L&R) is expanding its expertise and product range in the field of OR set systems with the acquisition of the German company Angiokard Medizintechnik GmbH. L&R is thus strengthening its market position in the international hospital sector.

Angiokard Medizintechnik GmbH has been producing and distributing customised sets for cardiology, anaesthesia, angiography, cardiac surgery and intensive care since its foundation in 1986. With more than 30 years of experience in the industry, the German company with 132 employees and headquarter in Friedeburg/Lower Saxony is a recognised supplier, particularly in Germany, where it has a strong market position.

The multi-component OR set systems are produced in Germany in an economical and quality-assured manner and are put together according to requirements - type of operation and specific customer needs - and thus ensure efficient hospital processes.

"This acquisition is another important milestone on our successful path as a strong player in the hospital market and a reliable solution provider for our customers. Angiokard's high-quality products are an optimal addition to our existing portfolio in the area of surgical multi-component systems under the Kitpack® brand. Together with Angiokard's extensive expertise in production, logistics and distribution, we have the ideal basis for further dynamic growth in our core business area of Set-Systems & Hygiene," says Wolfgang Suessle, President, CEO & CCO of the L&R Group.

**Lohmann & Rauscher GmbH and Co KG**
